

PJS Electric, Inc.

Providing Quality & Cost Effective
Electrical Services

We are a NYC licensed, Local 3 IBEW electrical contractor servicing the public and private sector in the five boroughs of New York City.

Our experience includes the construction of commercial and industrial electrical installations ranging from high voltage substations, power and lighting infrastructure, site electrical distribution, generators, access control and security systems including digital CCTV camera, monitoring and control equipment, data, power and fiber optic wiring, all associated support systems, system networks integration, and fire protection systems.

We here at PJS Electric, Inc. look forward to your next electrical construction opportunity.

HEALTH & SAFETY

We pride ourselves on protecting the health and safety of all on-site workers, neighboring sites and facilities throughout the project. Our team recognizes the complexity of working in harmony with other site activities, managing access control and safety while protecting existing structures and utilities.

EEO & AFFIRMATIVE ACTION

PJS Group is an equal opportunity employer and all of our employees are important members of our team contributing to our overall success. We champion a positive workplace for all employees based on respect and open communication.

SUPPLIER DIVERSITY

PJS Group has a firm and steady total commitment to supplier diversity. Subcontractor and supplier success is an extension of our own success and we proactively encourage continued participation from all qualified MWDDBE, veteran owned and small business firms.

SUSTAINABILITY

We are committed to sustainability, meeting the challenges of our world today without compromising our future. Education, training and transparency are key components to environmental responsibility.

*Building Integrity and Professionalism for
More than 20 Years*

We specialize in projects that are time sensitive, have complex design elements and challenging constructability requirements. We are an experienced, union contractor with a highly qualified team of civil, mechanical, electrical and professional engineers, managers, and tradespeople who are ready to exceed our customer's every expectation.

Our commitment to safety, speed, and quality, allows us to successfully perform any type of construction project with a level of integrity and transparency that leaves our customers confident in their decision to partner with PJS Group. We are committed to completing all of our projects on schedule, and the key to our success is providing a flexible and dynamic team with the ability to make rapid modifications to means and methods in order to meet the goals of the project.

Let our highly efficient team of construction professionals make your next project an extraordinary experience.
